

Multiply that times three,  
again and again, and you  
create a powerful community  
that can effect real change.

One person can start  
a movement.

**Lost your job?  
Working  
fewer hours?**

Useful. Unique. Unified.

**Lost your job? Working fewer hours?** Over 31 million other Americans are, too. They share your dreary days, sleepless nights, ever-increasing pile of bills and few calls from potential employers.

They also share your drive to survive, to get back to work, to rebuild their lives.

But in this Grave Recession, no one can do it alone. There's strength in numbers. There's power in working together – economic and political power – to get things done and help you get back to work.

Start a movement with **Ur Union of Unemployed**, nicknamed **UCubed**, an online community designed to unify the unemployed in a unique and useful way.

Ur Union of Unemployed is a community service project of the International Association of Machinists (IAM) and its growing list of partners.

**Build a Community:** Let UCubed help you connect and take control. Create a cube, and then recruit a group of jobs activists in your zip code. In Ur Union of Unemployed, six activists combine to make a cube. Nine cubes create a neighborhood. Three neighborhoods create a power block. By connecting with others and working together, you can share resources, demand government action and save money.

**Resources:** Take advantage of UCubed's available resources. The site provides information on everything from writing a resume and navigating the tough job market to budgeting and re-assessing your skills set. Use the information and pass it along.

**Take Action:** Demand our nation's leaders act to create JOBS Now! and quickly craft policies that will help turn our economy around. Use the UCubed legislative action center to turn up the heat on politicians from the State House to the White House regarding key issues, such as job stimulus, unemployment insurance, COBRA and food stamps.

**Machinists Mall:** As a UCubed jobs activist, you will have access to the Machinists Mall, a program that offers steep discounts on the items you need and rebates on the purchases you make. Save money on necessities like clothing, food, personal care products, household goods, over-the-counter medications and important services. Savings will be highlighted each week.

**Take Control:** As a UCubed activist, you will decide how this concept evolves, develops and is governed. This is, after all, Ur Union of Unemployed. Build it, literally, from the ground up. **Starting January 15, 2010, visit [www.unionofunemployed.com](http://www.unionofunemployed.com).**
